

# Phinney Avenue, Fremont Avenue, 50th Street Arterial Improvements

## Project Benefits

- Extend the useful life of the roadway with the side benefit of a smoother ride
- Improve pedestrian safety through localized sidewalk improvements
- Reduce pedestrian crossing time by installing curb bulbs at 53rd and 55th street
- Connect the traffic signals to the city wide control system
- Improve emergency vehicle response time
- Reduce travel time and congestion in the corridor

## Additional Requirement

Federal mandate requires new curb ramps at all intersections, adjacent to improvements, in order to meet current ADA standards

Key	
○	Signal improvements
—	Asphalt overlay
---	Concrete panel replacement
